

Glacial melting: an overlooked threat to Antarctic krill

Verónica Fuentes, Gastón Alurralde, Bettina Meyer, Gastón E. Aguirre, Antonio Canepa, Anne-Cathrin Wölfel, H. Christian Hass, Gabriela N. Williams, Irene R. Schloss,

Supplementary material: Video taken on March 2007 of krill feeding in a particle-laden water column. Note the colour of the digestive tract of the animals. Credits: V. Fuentes and A.-C. Wölfel.
